MAKING VEHICLES SPECIAL

At home in tough terrain:  
**The new command vehicle  
based on the INEOS Grenadier.**

# The new all-terrain command vehicle from WAS and GEWA: **Functional performance and uncompromising off-road capability.**

## SHORT DESCRIPTION

The all-terrain command vehicle based on the INEOS Grenadier offers functional performance combined with uncompromising off-road capability. The ground clearance of 264 mm and the fording depth of 800 mm allow maximum flexibility even in difficult terrain. The extension at the rear provides easily accessible storage space for the necessary equipment. The warning and signalling technology can be operated either via the switches in the vehicle ceiling or in the combi control panel.

## EXTERIOR

- DBS850 warning bar with power flasher and working lights
- LED intersection flasher and front flasher
- LED rear warning system
- HNS type 724 signalling system in the bumper
- Martin compressed air signalling system

## INTERIOR

- Universal rear cabinet accessible from the outside
- Variable storage of various equipment possible
- Heavy-duty drawer for storage in the tail section
- Operation of the warning and signalling system via HNS
- HBE300 control panel and ceiling switch
- Pre-equipped with Sepura digital radio system
- 230V fan heater, controlled via thermostat
- Accident data recorder

# The new WAS / GEWA 4x4 command vehicle: At home off-road and on the road.

## BASE VEHICLE

Model	INEOS Grenadier Trialmaster
Engine	BMW in-line six-cylinder diesel engine
Output	183 kW / 249 hp
Displacement	2993 cm <sup>3</sup>
Max. Torque:	550 Nm
Gearbox	ZF8HP76 / 8 gears
Length	4895 mm (incl. spare wheel)
Width	2146 mm
Height	2050 mm
Track width	1645 mm
Ground clearance	264 mm
Front slope angle	35.5 degrees
Rear slope angle	36.1 degrees
Ramp angle	28.2 degrees
Gradeability	45 degrees
Wading depth	800 mm
Turning circle	13.5 metres
Towing capacity	3500 kg
Trailer support load	350 kg
Dynamic roof load	150 kg
Static roof load	420 kg
Permissible total weight	3500 kg
Load compartment volume	1152 – 2035 l

The equipment is exemplary and can be customised as required.
